OUR VISION

“Women of Courage (WOC) 2016”

Making the journey easier...Putting smiles on tired faces...

Elsie Tabe 69 years – Kliptown - My Story

Martin MAHLAMVU, founder of Tausrac Foundation helping actively in Kliptown, visited Mrs Elsie Tabe in her 2 roomed home. Her daughter, aged 51, 2 grandchildren and a 2 year old great grandson lives with her. She is paralyzed due to having a stroke, being diabetic and high blood pressure. She has to wear nappies as she doesn't have control of her bowel and urine movements. The illegal source of electricity is switched on when they can afford it or alternatively light from a burning candle. This is a major safety hazard as the candle can fall over by the wind that blows through the holes of the aluminium walls and the roof. During winter the rooms are bitterly cold and dark. Elsie lives in the hope that she will be able to have some comfort during her last days on earth.

Like Elsie, there are many critically ill, women headed families living in similar conditions... FOR WOMEN OF COURAGE 2016 WE WOULD LIKE TO ASSIST AS MANY OF THEM, PROVIDING THEM WITH BASIC COMFORT, SOLAR ENERGY... PLEASE ASSIST US IN ACHIEVING THIS MUCH NEEDED GOAL...

Would you, or your company, like to sponsor a community, by being part of our “Women of Courage 2016 Drive”
